PLANNED BLOCKADE / LOCKDOWN—COUTTS and CARWAY, AB

Updated: January 25, 2022

CBSA Intelligence is continuing to monitor the planned blockade action at the Port of Coutts, AB, **starting on Saturday, January 29, 2022**. Sources indicate that the group intends to stay at the border as long as the larger convoy stays in Ottawa.

We received information that a blockade action is being planned to take place at the **Port of Carway, AB** on the same day. According to a social media post, the intention is to block access to the border, but will allow trucks to pass.

CBSA Intelligence has not found any information to suggest that this blockade will pose a threat to Officers, however, there may be increased Border Wait Times as a result.

CBSA Intelligence will provide any further updates as they come available.

Officers are encouraged to use the **Occurrence Reporting System (ORS)**—when Duty Pager Matrix thresholds are not met—to report any other incidents involving, or suspected of involving, illegal cross border activity. ORS reports are submitted electronically to Regional Intelligence, and are crucial to the success of the CBSA enforcement program.
